Turn off that charm
I'm through with love for a while
I'm through and yet
You have a fabulous smile, so if I forget

Remind me not to find you so attractive
Remind me that the world is full of men
When I start to miss you, to touch your hand to kiss you
Remind me to count to ten

I had a feeling when I met you
You'd drive me crazy if I'd let you
But all my efforts to forget you
Remind me I'm in love again

I get my heart, well, in hand
And I'm certain that I can take you or leave you alone
Then you begin that beguine again and boom
I give in again, I have a will made of steel, my friend
But when it seems about to bend

Remind me not to mention that I love you
Remind me to be sorry that we met
Although I adore you remind me to ignore you
You're one thing I will regret

So when your charm begins to blind me
I'll simply tie my hands behind me
Don't let me kiss you please, remind me
Unless my darling, you forget
