Let's go slumming, take me slumming  
Let's go slumming on Park Avenue  
Let us hide behind a pair of fancy glasses  
And make faces when a member of the classes passes

Let's go smelling where they're dwelling  
Sniffing everything the way they do  
Let us go to it, they do it, why can't we do it too?  
Let's go slumming, nose thumbing at Park Avenue

Let's go smelling where they're dwelling  
Sniffing everything the way they do  
Let us go to it, they do it, why can't we do it too?  
Let's go slumming, nose thumbing at Park Avenue
