When You siad yesterday Thatit's nearly christmas
What did I want, and I thought
Just love me, love me love
That's what I want for Christmas
When I walk through a room let them see you need me
Walk through a room let them see you love me love me
love me
That's what I want for Christmas
Anyone can wish for all the trinkets in the window
Some can even buy the things they see
But the present that I want you'll never find in any
window
Bring me love and bring it just for me
When you come home at night take me in your arms
and hold me
And kiss me and say you love me love me love me
That's what I want for Christmas
Hold me, kiss me
That's what I want for Christmas
