Wake up, did you see  
The summer's already here  
And I wonder how it'd be  
Just to have you near to me

And did you look outside  
The sun it shines so bright  
And I wish you could see  
How I long to have you here with me

Girl, I could never be  
Your knight in shining armour  
But God knows that I'd die  
If it'd bring you to me

So here we are again  
With not much time to spend  
And I wonder if you'd mind  
If I held your hand tonight, tonight  
And I don't wanna let you go  
Cause I know this could be it  
And I, I didn't wanna face this

You're so far away  
You're so far away  
Far away, yeah

Did you look outside  
The sun it shines so bright  
And I wish that you could see  
How I long to have you here with me

Girl I could never be  
Your knight in shining armour  
But God knows that I'd die  
Just to bring you to me

But you're so far away  
You're so far away  
It doesn't matter what I say  
Cause you're so far away
