It's not enough to be afraid of the mess I've made
When the colors fade
So pick me up before I hit the ground
It's not enough to realize when you close your eyes
And it's no surprise
So shut me up before I make a sound

I know you'll always be there when I come down
And I even see your face when you're not around
Yeah I know you'll always be there when I come down
Down down

Sooner or later
I think you're gonna find out
That we should be together now
Sooner or later
I know you're gonna find out
It might as well be right now
Sooner or later
Sooner or later

It's not enough to play the game
Gotta take the blame
For the mess I've made
So pick me up before you bring me down
It's not enough to compromise
If you change your mind and you fall behind
Shut me up before you shut me out

I know you'll always be there when I come down
And I even see your face when you're not around
Yeah I know you'll always be there when I come down
Down down

Sooner or later
I think you're gonna find out
That we should be together now
Sooner or later
I know you're gonna find out
It might as well be right now
Sooner or later
Sooner or later

I think it's time you understand
I'm just a man, that's all I am
Before this situation's out of hand
I think you need to comprehend
It's got to end, so let's pretend
I always give you everything I can

It's not enough to say ok
If the love you take is the heart you break
Don't shut me off
Don't throw it all away

Sooner or later
I think you're gonna find out
That we should be together now
Sooner or later
I know your'e gonna find out
It might as well be right now
Sooner or later
Sooner or later

Sooner or later
You'll be mine

You'll be

Sooner or later
You'll be mine

You'll be

Sooner or later
You'll be mine
Sooner or later

Sooner or later you'll be mine

You'll be mine
