I never knew that our love would end this way
I thought this love could make it to forever
You said goodbye
And you left me all alone
How can I live without your love
How can I carry on

Chorus

Baby I need your love
I wish you were here stay
'Cause here I am
Please love me again
Bring back our hearts together
Don't let this love of mine
Keep longing for all the time
When you and I can build a dream forever

I ask myself why you turned and walked away
Please tell me how so that I can make you stay
But you said goodbye
And you left me all alone
How can I live without your love
How can I carry on

Chorus

Baby I need your love
I wish you were here stay
'Cause here I am
Please love me again
Bring back our hearts together
Don't let this love of mine
Keep longing for all the time
When you and I can build a dream forever

Chorus

Baby I need your love
I wish you were here stay
'Cause here I am
Please love me again
Bring back our hearts together
But don't let this love of mine
Keep longing for all the time

When you and I can build a dream forever

When you and I can share the love forever
Hhhmmmmm
