I'm trying to hold us together, together
But your words, they pull the rug from under my feet
I want for things to get better, much better
What you don't, is killing me; so slowly

I don't wanna say goodbye,
I don't wanna leave behind
What we started three years ago
I don't wanna let it all go

I'm breaking down,
My tears keep flooding the ground
How can my love stand another mile
Woahh, oh

I don't wanna say no
I don't wanna say go
I don't want this to end
I want to see your smile again

The thought of you and I keeps me here
But I damage hearts, is what I fear
No, oh I don't want to say no

So many routes have showed her I need her much
I try to bring the sparkle of back in her eye
But everything that I've been givin hasn't been enough
To fill her up like we used to have, Ooh

I don't want say goodbye
I don't wanna take this flight
But how much of this crashing can I bare
When I'm looking for your love, and its not there
I'm breaking down
My tears keep flooding the ground
How can my life stand another round?

Noo, I don't wanna say no
I don't wanna say go
I don't want it to end
I want to see you smile again

The thought of you and I keeps me here
Better than much hurts what I fear
Noo, I don't wanna say no
We planned together, but we're tearing apart

There's no answer, there's no beat to your heart
I want for things to work, but they're only getting worse
Baby, this won't last forever, anymore
Maybe, we should take a break or just forget it all

But I, I don't wanna say no
I don't wanna say go
I don't want it to end
I want to see you smile again
The thought of you and I keeps me here

Better than much hearts of what I fear, Noo
I don't wanna say
No No No Nooooo
I don't wanna say noo
Ooh, I don't wanna say no
No No Noooo
I don't wanna say no, Ohh
I don't want to say no..
