The Danger Zone can you keep up  
Or am I moving to fast  
Boy don't slip up  
I see you watching me  
I got what you need  
That look in your eyes has got me feeling weak  
I'm on the brink of no escape  
No looking back  
Before I fall off track  
Best believe I'll be back  
I'll take your body to a place that you never seen  
Never Seen  
You could be Heaven sent  
But I'm Hell bent on you and the freaky things you do  
We could bull\*\*\*\* but it won't get us far  
On the first date we were driving in your car  
Ride me on the freeway as fast as you can

One for the kitty  
Two for the show  
Three to get ready - cause I'm ready to blow  
Four cause I'm high  
Five I'm alive  
Six are you ready to get in the mix

Welcome to The Danger Zone

The Danger Zone can you keep up  
Or am I moving to fast  
Boy don't slip up  
You got me thinking dirty  
Dirty just the same  
Cause I'm feeling your game that you gotta play  
You see I'm blessed with the gift that'll put your body to  
the test  
So don't you stress  
I could love you all the way  
'Cause your true to me  
And when you touch on my body you got me feeling

Repeat Chorus
