Left and the right
Put your hand together if you believe
If you believe (x2)

Black White Asian Hispanic Indian
What ever your race
Were all made in his image
If my imagination takes me
I believe, I believe in God
I believe, I believe in, I believe in him

Left and the right
Put your hand together if you believe
If you believe (x2)

'Cause I believe in God (I'm only human)
I believe he true (I'm only human)
I believe in what (I believe)
What he do (I believe)
I believe without proper knowledge
I believe in his image

God
God

There's a special place I'm going to
When my life comes to an end
God is gonna lift me up
Lift me up
God is gonna take my hand and bring me to
To the promise land
'Cause I believe

Left and the right
Put your hand together if you believe
If you believe (x2)

If there was a way for me to give you 100% certainty
I believe in God and all I need to know is something
more than me (I believe)
Six billion people on this planet
One billion more

One billion more
There's gotta be a reason in it
Reason in it
I believe in God it's true
I believe in what he do

Left and the right
Put your hand together if you believe
If you believe (x2)

I believe in God it's true
I believe in what he do
I believe in God it's true
I believe
I believe

God is gonna lift me up
God is gonna lift me up
And take my hand to the promise land
'Cause I believe
