Look away
Look away
It's to late
Leave it alone
Leave it alone
It's to late for you to see

You walk down the road that can't be turned
There's enough truth coming to the surface
It's coming to the surface
You walk down the road that can't be turned
There's enough truth coming to the surface

The surface
The surface
Look away
Look away
It's to late
It's to late
Leave it alone
Leave it alone
It's to late for you to see

It's coming the surface before your eyes
It's coming to the surface between the sea
Look away
Look away and it doesn't seem real
Look away and it doesn't seem real
You take on reality
You're trying to be something your

To late
It's to late
Look away
Look way
It's to late
It's to late
Leave it alone
Leave it alone
To late for you to see
Leave it alone
Leave it alone

It's to late for you to see
