### "My Bloody Holiday"

It's raining hard outside  
I never paid attention  
But the sound of falling rain is too loud to ignore  
I'm sitting here all day and watching at the TV  
This is how I spend my first holiday of this year

While you have been beaten up by unfair rejection  
I have been pretending not to see that but

Don't go away now  
You can trust me  
I won't let you go down  
Just don't go away now  
You can trust me  
I won't let you go down

I've tried not to hear it  
I've tried not to think of it  
Never wanna get dragged into trouble  
It's raining hard outside though I never paid attention  
And the sound of falling rain is too loud to ignore

While you have been beaten up by unfair rejection  
I have been pretending not to see that but

Don't go away now  
You can trust me  
I won't let you go down  
Just don't go away now  
You can trust me  
I won't let you go down

You are the one started fighting against the wrong  
things  
I have been pretending not to see that but

Don't go away now  
You can trust me  
I won't let you go down  
Just don't go away now  
You can trust me

I won't let you go down

So don't go away now

You can trust me

I won't let you go down

Just don't go away now

You can trust me

I won't let you go down

Never again
