There ain't no fear There ain't no hope There ain't no right There ain't no wrong Just make it loud Just make it loud Just make it loud And feel no touch

There ain't no past There ain't no fate There ain't no thoughts There ain't no rules Spoken words Broken hearts Instant dreams

Just let it slide, wasting time Just keep it going and going Just let it slide, wasting life Just keep it rolling and rolling Just make it loud in your room Just make it loud, no one cares Just let it slide

There ain't no pain There ain't no help There ain't no doubt There ain't no name Just make it fun Just make it fun Just make it fun Carry on

There ain't no hate There ain't no grace

There ain't no harm There ain't no truth Empty bowls Springer falls Lost and found

Just let it slide, wasting time
Just keep it going and going
Just let it slide, wasting life
Just keep it rolling and rolling
Just make it loud in your room
Just make it loud, no one cares
Just let it slide

Now I hear it snows
This year is getting colder
How I feel inside
Losing my concentration
Now I need more time, somehow I'll make through
I just need more time

Just let it slide, wasting time
Just keep it going and going
Just let it slide, wasting life
Just keep it rolling and rolling
Just make it loud in your room
Just make it loud, no one cares
Just let it slide, yeah
