Monday - I can't really stand the morning
Tuesday - seems to be a crying day
Wednesday - I can't hardly wait for the weekend
Thursday - seems to be I'm almost through

Yes I know it's not easy to remember what we've got
Ouh if you could just decide to think about

The good times of your life
ndidibbndidibbndidibb
they can happen all to you
ndidibbndidibbndidibb
the good times of your life
ndidibbndidibbndidibb
they can happen everyday
think about the good times of your life
ohoho Friday-I get a little taste of freedom
Saturday- is like a big fancy cake
Sunday- I get used to the nice and easy
Today - it's gonna start all over again

Yes I know it's not easy to remember what we've got
Ouh if you could just decide to think about

The good times of your life
ndidibbndidibbndidibb
they can happen all to you
ndidibbndidibbndidibb
the good times of your life
ndidibbndidibbndidibb
they can happen everyday
think about the good times of your life
