Yeah

Hell Yeah

This that dance where, no one's looking  
You can do whatever the f\*\*k you feel like doing man  
that's the Moses twist to me

I'm the shepherd of these letters  
Watch them dance with my essence  
Waitin this in space with a hand clutching heaven  
So answer the question do you like to get down?  
Hell Yeah  
I'll be twisting every time I hit town

Lets bounce to the spot where the ounce of the bar  
Where the sound doesn't stop where I found what I  
lost  
Fear doesn't live in my heart or my mind I've  
escaped  
to a place where the stars are aligned (Together  
forever)  
We hunt for a new view  
Like it only comes once in a blue moon  
Let the room spin dust your shoulders off  
And lets ride till we fly like motor cross  
And well show the boss  
Who'll have nothing on us  
Well have our little piece of paradise I f\*\*king  
promise  
So until that day they'll fear the man of magic  
Simply cause his ideas are panoramic.  
And everybody do the Moses twist, everybody do the  
Moses twist  
Now do the Moses twist, everybody do the Moses twist  
Do the Moses, do the Moses, do the Moses twist  
Do the Moses, do the Moses, do the Moses...  
Yeah  
Well I'm back in the kitchen  
I bust my transmission  
And pour myself a cup of ambition  
Attack my plans with the winners execution  
This is the twist of my inner revolution  
It's the sun and the breeze

It's the clean bill of health  
Whether science or religion just believe in yourself  
The real leap of faith when your lost in transit  
Deep in space as we spin in this cosmic dance  
Summer time highway just me and my girl  
The movement to be the change you want to see in the  
world  
The corrupt and tangled network  
Run by annual net worth  
The fly head first with the love to stand and grab  
earth  
So part the sea man, make your own advancements a  
step  
of independence  
Obey your own commandments  
And live your openness wake up and sniff the roses  
And waltz through your world when with a twist of  
Moses  
(Soldiers)  
Do the Moses, do the Moses, do the Moses twist.  
Do the Moses, do the Moses, do the Moses twist.  
Do the Moses, do the Moses, do the Moses twist.  
Do the Moses, do the Moses  
I eclipse when I twist with my missus and our dog  
Love freeze framed like a visit from the gods  
It's the wizards of the oz with the colours on the  
easel  
It's my worlds nature the mother of my people  
It's the sun dance moon walk  
Swing of my system  
The boogie to my baby  
With my wings making rhythm  
All the ocean of emotion  
It's the acquire of the pirates  
The chance of a lifetime  
The fire of my iris.  
Out on these open planes  
I touch the stars above  
Face to face with my fate  
I know it's hard to touch

Out on these open planes  
I touch the stars above  
Face to face with my fate  
I know it's hard to touch  
And everybody do the Moses twist, everybody do the  
Moses twist  
Now do the Moses twist, everybody do the Moses twist  
Now do the Moses twist, everybody do the Moses twist  
Now do the Moses twist, everybody do the Moses twist  
Do the Moses, do the Moses, do the Moses twist

Do the Moses, do the Moses, do the Moses twist  
Do the Moses, do the Moses, do the Moses twist  
Do the Moses, do the Moses, do the MosesÂ...
