"Weathermen"

[Eso:]

La la la la lala la la

La la la la lala la la

Ladies and gentlemen,

Babies and elaphants,

Revents and servents

Cavemen and merchants,

If you felt the rain

Then you felt the pain

It's what it's all about

Bliss n eso won't get cougth in no druoght

In the morning you will be seing a flock

But in the evning you'll be seeing them drop

It's just another rainy day in a town we call home

It's the weathermen reporting the sounds unknown

In the morning you will be seing a flock

But in the evning you'll be seeing them drop

It's just another rainy day in a town we call home

It's the weathermen reporting the sounds unknown

I guess were the weathermen

And we report the storm when it forms

From the cornfields to come as warm meals
