I only wanna be kissed by you
Sugarbabyhoneyboobybaby

I only wanna be loved by you
Nobody else but you

Something outside of me
Is taking over me
Something high high high
I can grab it

An it's
Something nanana
Something nanana
Something nanana
Something nanana

Not your brain
Not our car
Not your money, no
Not you're so muscular

But
Something nanana
Something nanana

Something smashing
I hope i won't faint
Something nanana
Something nanana
Something sliding
Holy, I believe you're my saint

Something nanana
Something nanana
Something nanana
Something nanana

Not your friends
Not your scars
Not your family, no
Not you're so popular

But something....

Something inside of me
I sacrifice myself to you
You, you, you, you, you
Something inside of me
Is breaking down the rules
Nanananana, nananana
Something nanana

Put me on
Set me on
I wanna melt with you

I only be loved by you
Nobody else but you

Something outside of me
Is taking over me
Something nanana
Something nanana
Something high, high, high
I can grab it, I can grab it
I can, I can

I couldn't desire
For anything higher
I only wanna be loved by you
Nobody else but you
Sugarbabyhoneyboobybaby
Suck me

Nanana nanana nanana...

Something, hey!
I only wanna be loved by you
Nobody else but you
I wanna be kissed by you
I only wanna be loved by you
Nobody else, nobody else but you
I wanna be kissed by you
Sugarbabyhoneyboobybaby
Baby, suck me
