I am happy, if you are happy too
I'm in trouble, if you are sad

Are you gonna hurt me, baby
Are you gonna change your mind.

If you do, wait a little while
Leave it till tomorrow.

Stay, if you're the staying kind
We'll find a way together
Stay, if you're the staying kind
We'll make it last forever

You said with us, it'll be better, yeah
You said with us, it'll be different

Are you gonna hurt me, baby
Are you gonna say goodbye

Will I be just another name
Left behind along the way

Stay, if you're the staying kind
We'll find a way together
Stay, if you're the staying kind

Then tell me there's no need to go
If we can make it through the today
We'll find a way tomorrow

Stay, if you're the staying kind
We'll find a way together
Stay, if you're the staying kind
We'll find a way tomorrow

I am happy, if you are happy too

Stay, if you're the staying kind
We'll find a way together
Stay, if you're the staying kind

And tell me there's no need to go
If we can make it through today
We'll find a way tomorrow

Stay, if you're the staying kind
We'll find a way together
Stay, if you're the staying kind
We'll make it last forever
