don't want you  
don't want you back

sorry is the hardest word  
and flowers don't say much  
next time i'll find a man  
who ain't got wonderlust  
you took me for a fool  
don't call it a mistake  
the roses may be real  
but baby you're just a fake

i really thought you were the one  
now i'm taking back all my love

bye bye baby i don't want you back  
read my lips it's time you got the facts  
bye bye baby cause i'm better then that  
and now i've found out where you're really at  
i don't want you back

so now you're at my door  
with flowers in your hand  
what part of goodbye  
can't you understand  
i know you'd like to find me  
crying over you  
i wouldn't waste my tears  
i'll find somebody true

i really thought we had it all  
but now it's plain to see you're just a fool

bye bye baby i don't want you back  
read my lips it's time you got the facts

bye bye baby cause i'm better then that  
and now i've found out where you're really at  
i don't want you back

and when you're sitting in your lonely room  
remembering the way we used to be

you'll be sorry you were such a fool  
i'm going to find someone whose love is just for me

don't want you back  
i don't want you back  
i don't want you back  
don't want you back  
i don't want you back  
i don't want you back  
i don't want you back  
and now i've found out where you're really at

bye bye baby i don't want you back  
read my lips it's time you got the facts  
bye bye baby cause i'm better then that  
and now i've found out where you're really at

bye bye baby i don't want you back  
read my lips it's time you got the facts  
bye bye baby cause i'm better then that  
and now i've found out where you're really at  
i don't want you back
