You know we can get away
Because I'm calling your name
Every day I feel this pain
But you just turn and walk away

I just can't keep hanging on, to you and me
I just don't know what is wrong, with you and me

Touch me and then turn away
And put your hands into the flame
Tell me if you feel this pain
Cause I don't wanna be a ball and chain, no

I just can't keep hanging on, to you and me

rocket
You've got a noose around my neck, but I'm still
hanging on
We've nearly reached the finish line up in our marathon
I spat a verse, she sang a song

She broke my heart, I took some Ga-ga-ga-ga-gaviscon

I just can't keep hanging on, to you, with me
With you, with me
With you, with
