stop before you go too far and say something you'll
regret
i've heard every little lie before and this is the best one
yet
you don't wanna be my lover you just wanna be my
friend
could it be your other love is bringing us to an end

(standing where i'm standing)it's not easy as you think
(i'm not giving up yet)i'm gonna push this story to the
brink

anger is an easy friend when anger's what you feel
but when the anger's over why's the pain feel so real
it's no use me pretending one of us must take the
blame
but my heart will find no home till i'm back in your arms
again

you say that you can't love me and there's no use
going on
but why's you keep on coming around-
where do you think you're from
you keep on telling me things you'll regret in the end
i'm gonna close my doors,reach out of here and find a
real friend
(standing where i'm standing)it's not easy as you think
(i'm not giving up yet)i'm gonna push this story to the
brink

anger is an easy friend when anger's what you feel
but when the anger's over why's the pain feel so real
it's no use me pretending one of us must take the
blame
but my heart will find no home till i'm back in your arms
again

oooh oooh oooh
yeah yeah

(standing where i'm standing)it's not easy as you think
(i'm not giving up yet)i'm gonna push this story to the

brink

anger is an easy friend when anger's what you feel
but when the anger's over why's the pain feel so real
it's no use me pretending one of us must take the
blame
but my heart will find no home till i'm back in your arms
again

oohh....no..no
ooooohh...no..no..no
