I wanna drink from the clearest water
I wanna eat the things i ought to
I, just warm I know but I, feel strong enough

I wanna reach the greatest mountain,
climb if I want without a shouting
I, just warm I know, but I, feel strong...
you know when clouds wish,
should be white at least,
and oceans should meet us at the beach.
and i don't want to run for each one,
I know what's in store ...
or laugh laugh a day at a time but,
laugh laugh a day at a time
could laugh

(repeat)
