Every time you go  
Every time you go

It starts with a picture  
And it sits in your frame  
And we part with a letter  
And it ends in my name

It starts with forever  
And it ends with a touch  
And I know that you're clever  
And I don't ask for much

Maybe we forgot all the things we are  
We are together

You said I'm arresting  
You said I had heat  
I really thought that we'd go further  
The second time we'd meet

Now I'm tired of trying to keep you  
All I want to do is sleep  
And perhaps when I'm sleeping  
You'll get back on your feet

Maybe we forgot all the things we are  
We are together

Wake me up  
Wake me up  
Stop my fall  
Every time you go

Tape me up  
Then break me up  
Ever so gently  
When I'm at my weakest

It's not so hard  
Every time you go

I run a mount to meet you

When I knew a storm had come  
I felt the rain on your face  
And the damage you had done

I know what you're thinking  
It will never be the end  
And when the storm is over  
You won't see me again

Didn't know the price I paid for all the times I stayed  
When we were together

Wake me up  
Wake me up  
Stop my fall  
Every time you go

Tape me up  
Then break me up  
Ever so gently  
When I'm my weakest

It's not so hard

Maybe we forgot, are we awake or not?  
Maybe we forgot, are we awake or not?  
Maybe we forgot, are we awake or not?  
Or maybe we forgot

Wake me up  
Wake me up  
Stop my fall  
Every time you go

Tape me up  
Then break me up  
Ever so gently  
When I'm at my weakest

Wake me up  
Wake me up  
Stop my fall  
Every time you go

Tape me up  
Then break me up  
Ever so gently  
When I'm at my weakest

It's not so hard  
Every time you go
