Baby you say you have a little song for me
But you're wearing shades and your eyes look real
dark underneath
Baby I'm worried you'll get it wrong for me
There's four love songs so which one did you write for
me?
Baby you haven't been getting along with me
If you play the song, I know whether to stay or cry or
leave

In the first song you love me, but you don't think I love
you
In the second I love you but you leave
In the third song you're confused til the day I set you
free
On the fourth, someone else is loving me, loving me

Baby I'm waiting to hear your song for me
Cuz there's been delays since I asked if you're in love
with me
And baby the songs you write are not happy
I can't find a line like "I love you" and "you love me"
Baby I no longer think you belong to me
So I got the song, but you lost the girl, goodbye from
me

In the first song you love me, but you don't think I love
you
In the second I love you but you leave
In the third song you're confused til the day I set you
free
On the fourth, someone else is loving me, loving me

Baby I'm worried you'll get it wrong for me
There's four love songs, so which one did you write for
me?

And in the first song you love me, but you don't think I
love you
In the second I love you but you leave
In the third song you're confused til the day I set you
free

On the fourth, someone else is loving me, someone
else is loving me
