Midnight here and I'm all alone again  
Chain smoking and I'm in my bed  
I just wanna disappear here inside of me  
Ride out the hopelessness in my head

What you doing with your life you ask me  
Baby you're not good enough for me  
What's the matter with you you keep asking  
Can't you do better for me, better for me (x2)

Black hood up and I'm walking out the door  
Head phones on and my beats up loud  
Don't you wanna know how I'm truly feeling here  
I don't think you do somehow  
Who the hell do you think you are, you say  
Don't you know that you've got no rights  
While you're living under my roof you know  
Dum ba de doobe dad dum dum die die

There's a million reasons why I'm feeling down today  
Still I wonder if I'll ever feel the same again  
Seen a million situations should put me in my place  
Guaranteed there's a million more yet to come up in  
my face

I've gotta change my ways  
24 hour life crisis  
Burning me up  
Burning me inside  
I've gotta find my way  
24 hour life crisis  
Burning me up burning me inside, I've

Gotta get up from here  
Gotta get up from here  
Gotta get up  
I've gotta get up from here

Today and I'm taking control again  
Patch on my arm in the bright sunlight  
There's no way that I'm gonna go under now

Plenty of ways to make a wrong right  
No more negative thinking around me  
I don't wanna live my life that way  
There's too many good people to compensate  
All the energy lost  
All my energy

There's a million reasons why I'm feeling down today  
Still I wonder if I'll ever feel the same again  
Seen a million situations should put me in my place  
Guaranteed there's a million more yet to blow up in my  
face

I've gotta change my ways  
24 hour life crisis

Burning me up  
Burning me inside  
I've gotta find my way  
24 hour life crisis  
Burning me up burning me inside, I've

Gotta get up from here  
Gotta get up from here  
Gotta get up  
I've gotta get up from here
