Won't you PLEASE FORGIVE ME,  
Darling I'm sorry, so sorry  
I didn't mean to break your heart  
Won't you please believe me darling  
I miss you and kiss you  
In ev'ry dream  
Since we're apart my love for you  
Is so sincere  
What can I do to keep you near?  
Won't you PLEASE FORGIVE ME darling  
Let's make up, don't break up  
That love that started with you, sweetheart.  
Won't you PLEASE FORGIVE ME,  
Darling I'm sorry, so sorry  
I didn't mean to break your heart  
Won't you please believe me darling  
I miss you and kiss you  
In ev'ry dream  
Since we're apart my love for you  
Is so sincere  
What can I do to keep you near?  
Won't you PLEASE FORGIVE ME darling  
Let's make up, don't break up  
That love that started with you, sweetheart.
