The sun is setting and the day is late
As we walk over this wasteland of hate
People getting angry in these darkest hours
Blood on the streets and the streets are ours

Warriors
Never forget the warriors
Warriors
You never forget the warriors
Warriors

Our mates are diamond and we shine like steel
You never beat us down 'cause the wounds will never
heal
You can't take us for a ride
You can't rob a warrior of his pride

Warriors
Never forget the warriors
Warriors
You never forget the warriors
Warriors

It's your hate on which we feed
We are the new class, we are the new breed
Send our regards to a nation on fire
And with love a bouquet of barbed wire

Warriors
You never forget the warriors
Warriors
You never forget the warriors
Warriors

You never forget the warriors
Warriors
You never forget the warriors
Warriors
You never forget the warriors

Warriors
You never forget the warriors

Warriors
You never forget the warriors
Warriors
