It
was cold and wet outside, i know a bar and it's close
by. We can drink
untill you're sick or you can try your best to stomach it!
We can make
our way towards the floor and dance untill our feet are
sore or make
our way towards the bar, the service here is best by
far!

I am a
little overwhelmed and i'm a little bit scared, don't you
dare slow me
down, i can't comprehend a life without love so for now
i'll just
pretend!

I can hold your sweater while you dance, you'd rather
sweat than miss the chance to dance with me among
those
lights..tonights the night i found the right girl that's an
eccentric
move, i've never seen it used but you make it look
attractive!
intellegent yet drastic! if anybody tries to hurt you i'd
drop that
sweater and race to get you, girlfriends/boyfriends
fight and argue but
we're relaxed..we never argue at all!

I am a little overwhelmed
and i'm a little bit scared, don't you dare slow me
down, i can't
comprehend a life without love so for now i'll just
pretend!

i
never meant to do it but i did and now it's over
everything i said i
wish i didnt but it's over- why cant you stay, why cant
you stay?
