Stars shining bright above you
Night breezes seem to whisper I love you
Birds singing in the sycamore tree
Dream a little dream of me

Say nighty night and kiss me
Just hold me tight and tell me you miss me
While I'm alone and blue as can be
Dream a little dream of me

stars fading but I linger on dear
(Oh how you linger on)
Still craving your kiss
(How you crave my kiss)
im wanting to linger till dawn dear
Just saying this
(Give me a little kiss)

Dreams till sunbeams find you
Sweet dreams that leave all worries behind you

But in your dreams whatever they be
Dream a little dream of me

stars fading but I linger on dear
Still craving your kiss
im wanting to linger till dawn dear
Just saying this

Sweet dreams Â'till sunbeams find you
Sweet dreams that leave all worries behind you
But in your dreams, whatever they be
Dream a little dream of me

Sweet dreams till sunbeams find you
Sweet dreams, all worries behind you
But in your dreams whatever they be
Dream dream a little dream of me.
