Fronting the order
Pacing down the isle
I got a conviction
I guess I'll be here for a while

I'm numbing my feeling
I know I'm better in denial
I'm crossing out that life exists 'cause i'm a better liar

I wish I was special
So I could ride above the law
This silence is deadly
And now I'm starting to withdraw

I need some substance
To get me out this door
It's better than the courtroom
It's better than before

CHORUS

This is killing me
I suffer from a drawn out misery
A future that's run out of energy
Another day that come undone
I will burn for you
You were the obsession
We're breaking through
We're building our aggression
I can't go on knowing that i'm all alone
Knowing that I'm all alone
Suddently shaking
My blood level's dropping low
This room is heavy
And there's no future to enroll
I envision tomorrow
But the pictures all distort
I'm counting all these ups and downs that threw us
overboard

This is the moment
Air's fleeing from my lungs
Will i get off off lightly

Or will i bleed for what i've done?

It's a hell of a fever
And i'll be better when it's gone
I'm coming down
I'm breathing hard
Just what we're waiting on

It's time to change the record
It's time to care
Let's burn down the old desire
Like we were never there
Let's be the better nation
Lights that flare
Let's burn down the undesired
Like we were never there
