Hey everybody
Now the night has begun
It's never been the same
Until poor Jacky was done
We saw it all coming
But he turned a blind eye
He'd just lock himself away
And hope that time would pass by
Most of his friends all there
Just set for the ride
They're just friends to mob his money
Then they'll drop out and hide

Jacky, Ja-acky
You've gotta escape
Before it's too late
And Jacky, believe me
They're waiting inside
you've got nowhere to
Nowhere to hide

His Leanne was a looker
And she worked at the bar
One day she married Jacky
And got hit by a car, yeah!
Since then he's been undercover
He hardly ever sleeps
(Losing every chance that he won)
He lost it all
Never thought that he could end up like this
Living on the street
His broken heart just came to pieces and he
Was found in a back alleyway
Sitting on his own and starting to look frail

Jacky, Ja-acky
You've gotta escape
Before it's too late
And, Jacky, believe me
They're waiting inside
You've got nowhere to hide
And they're almost here and there's

Nowhere to hide
Keep just time
Nowhere to
And sometimes helpings
Don't get me drunk again
And sometimes they'll come

Don't give a fuck

Seven months later since the death of Jacky Jules
There've been follow ups
And incidents to dissappoint the rules

Jacky, Jacky
You've gotta escape
Before it's too late
And, Jacky, believe me
When we wait, you're too late
You're too late
Jacky, Jacky
You've gotta escape
Before it's too late
And, Jacky, believe me
