It looks like we've finally had enough,  
I could handle this 'til now,  
There's nothing better in this town,  
Looking down through an open window,  
The air's so cold  
Brings nothing good to me,  
And the feeling's all alone,

And you'll stay, for a while,  
And I'll miss that fading smile,  
Cos lately you've been missing...

I'll meet you in New York City,  
Forget that boy you're coming with me...  
Cos every night I have to say,  
Goodbye... Cos everynight I have to say goodbye...

And it doesn't matter if we got no monet,  
We'll ditch this life  
That we've been living for so long,  
Now it's gone, leave behind,  
What we had, for a life,  
Better where we belong...  
And I know, that in your mind, that you'll leave  
everything behind,  
Cos lately you've been missing,  
And hoping for the best things...

I'll meet you in New York City,

Forget that boy you're coming with me...  
Cos every night I have to say,  
Goodbye... Cos every night I have to say...

You'll be waiting there, you'll be waiting there,  
Tonight, tonight...  
Show me that you care, show me that you care,  
Tonight...  
You'll be waiting there, you'll be waiting there,  
Tonight, tonight, tonight...

And I know, that in your mind,

That you'll leave everything behind,  
Cos lately you've been missing,  
And hoping for the best things...

I'll meet you in New York City,  
Forget that boy you're coming with me,  
Cos every night I have to say,  
Goodbye...Cos every night I have to say, goodbye.

I'll meet you in New York City,  
Forget that boy you're coming with me,  
Cos every night I have to say,  
Goodbye...Cos every night I have to say, goodbye.
