It looks like we've finally had enough,  
Could handle this 'til now,  
There's nothing better in this town.  
Looking out that open window  
The air's so cold  
Does nothing good to me  
The feeling's all alone

And I'll stay for a while  
And I miss that fading smile  
Cause lately You've been missing

I'll meet you in New York City  
Forget that boy you're coming with me  
Cause every night I have to say goodbye  
Cause every night I have to say goodbye

And it doesn't matter if we got no money  
We'll ditch this life that we've been living for so long  
Now it's gone  
Leave behind all we had for a life better where we  
belong

And I know that in your mind  
That you'll leave everything behind  
Cause lately You've been missing  
and hoping for the best week

I'll meet you in New York City  
Forget that boy you're coming with me  
Cause every night I have to say goodbye  
Cause every night I have to say  
You'll be waiting there, you'll be waiting there tonight,  
tonight  
Show me that you care, show me that you care tonight,  
You'll be waiting there, you'll be waiting there tonight,  
tonight, tonight

And I know that in your mind  
That you'll leave everything behind  
Cause lately You've been missing

Hoping for the best week

I'll meet you in New York City  
Forget that boy you're coming with me  
Cause every night I have to say goodbye  
Cause every night I have to say goodbye

I'll meet you in New York City  
Forget that boy you're coming with me  
Cause every night I have to say goodbye  
Cause every night I have to say goodbye
