I wanna find
I wanna find out
No other way
Need to hear me out
Hear me out this time

Everytime there lies a dead end
Your sense of style
Wide awake
Tell me why
Why it all turns out this way

Now and then the stories to unrise
Listen up don't forget this
For a moment I thought this was to be
I guess it never was

Chorus

Cause sometimes you are wrong
I don't think you understand
You make a problem and you take it out on me
And when you realise
You can't rely on lies
I won't let this go
I won't ever let this die

Start a war
And dodgeing bullets
And crazy power
Can take me higher
I've been waiting for some time now

I'm struggling
To get a word in
Wont say anything
Cause it's not wanted now
My walls are caving in on me

Chorus

Cause sometimes you are wrong
I don't think you understand
You make a problem and you take it out on me
And when you realise
You can't rely on lies
I won't let this go
I won't ever let this die

I wanna find
I wanna find out
No other way
Need to hear me out
Hear me out this time

Chorus

Cause sometimes you are wrong
I don't think you understand
You make a problem then you take it out on me
When you realise
You can't rely on lies
I won't let this go
I won't ever let this die

Cause sometimes you are wrong
I don't think you understand
You make a problem and you take it out on me
When you realise
You can't rely on lies
I won't let this go
I won't ever let this die

Cause sometimes you are wrong
I don't think you understand
You make a problem and you take it out on me
When you realise
You can't rely on lies
I won't let this go
I won't ever let this die
