Sit back, I'll take you for a ride  
To any place where you decide,  
Keep holding on and don't let go  
Too quickly  
Knocked down, I'm lying on the floor  
Oh she, she's coming back for more  
What can I do where can I hide  
For safety

[Pre-chorus]

Stranded, I'm guessing, that she plans this  
I've been here once before  
You keep me running in circles  
Can't stand it, I'm running empty handed  
It's all a waste of time  
I know you do it for pleasure

[Chorus]

Were you sent to destroy me  
Look I'm still breathing  
I warned you the white one is evil  
She will kill  
You

Downtown, I'm going by the store  
Oh look, she's coming back for more  
I need to run, don't want to catch her  
Too late she's seen me

I'm trapped, caught and now I'm going under  
Strike her down with bolt of thunder  
Play your game, come on I dare ya  
Keep on trying

Stranded I'm guessing that she plans this,  
I've been here once before,  
You keep me running in circles  
Can't stand it,  
I'm running empty-handed,

It's all a waste of time,  
I know you do it for pleasure

Were you sent to destroy me,  
Look I'm still breathing,  
I warned you the white one is evil  
She will kill you

Standing, stalling always falling  
Story of my life  
Dying, chasing who will face me  
Always giving up  
Standing, stalling always falling  
Story of my life

Sit back, I'll take you for a ride  
To any place where you decide,  
Keep holding on and don't let go  
Too quickly  
Knocked down, I'm lying on the floor  
Oh she, she's coming back for more  
What can I do where can I hide  
For safety

Stranded I'm guessing that she plans this  
I've been here once before you keep me running in  
circles  
Can't stand it I'm running empty handed  
It's all a waste of time  
I no you do it for pleasure

[Instrumental]

(Standing, stalling always falling, story of my life)

Were you sent to destroy me,  
Look I'm still breathing,  
I warned you the white one is evil  
She will kill you.
