Time to kill ? living will and gave it to
The man in the moon
But I'm gonna get by? soon this happy
Face is watching me die
Elevate me to another world
All that I can do on my own
Is leave well enough alone
Leave well enough alone
Leave well enough alone
Circumstance dropped by uninvited and
Demanded ? ? ?
But I've already gone to bed there's nothing
You can see from inside
My spirit arose and put on my clothes
And helped me disconnect to the phone
To leave well enough alone
Leave well enough alone

Leave well enough alone
? ? ? I can't figure out this line at all ? ? ?
First it's all a reaction, now it's all ?

? by the stations' stop and reality's invading
My brain
The cops gonna search the train they'll take
Away whatever they find
But I don't have the thoughts you want, just a
Memory of ? ? ?
A vision that turns to stone
Leave well enough alone
Leave well enough alone
Leave well enough alone
