Pick me up in an hour or so  
I don't really recommend it, no  
They'll probably just put you down  
I believe you  
I wanna be you  
I believe you  
I wanna be you  
I know you're not through with it yet  
It's a big decision  
You can't kick when you're down  
Got a feeling kind of like a cough  
Ain't nothing gonna shake it off  
Ain't nothing gonna shake it off  
Until you talk out loud  
I believe you  
I wanna be you  
I believe you  
I wanna be you  
I know you're not through with it yet  
It's a big decision  
You can't kick when you're down  
The chromium car reflects who you are taking you  
home  
I'm under you're spell can't you tell? don't you know?

God, people wonder if you're sick  
Spilled out on the city slick  
Puffed up like a macho jerk  
Don't even try it it'll never work  
Why you wonder? what you wonder for me?  
Why you wonder? what you wonder for me?  
Why you want what I can not be you know I won't stay  
sober  
I believe you  
I wanna be you  
I believe you  
I wanna be you  
I know you're not through with it yet  
It's a big decision  
I know you're not through with it yet  
It's a big decision  
I know you're not through with it yet

It's a big decision  
You can't kick when you're down
