We land on eerie soil  
beyond the graveyard site  
Coming to raise the dead  
Destroying all mankind  
A ritual of ill's  
That blackens up the sky  
Games that we shouldn't play  
Aiding undead life  
I hear them calling me  
Enlist in their nighttime army  
My pulse is fluttering  
Now we are one  
Cos' I'm a zombie  
Non-living in this world  
On human flesh i feed  
Cravings now for your guts  
As I watch you bleed  
Innocent little ones  
Now part of the new plan  
We must infect your body  
as the ground commands.  
I hear them calling me  
Enlist in their nighttime army  
My pulse is fluttering  
Now we are one  
Cos' I'm a zombie  
I hear them calling me  
Enlist in their nighttime army  
My pulse is fluttering  
Now we are one  
Cos' I'm a zombie  
I'm a zombie  
I'm a zombie  
I'm a zombie
