There's a lot of cheap talk about the road I take
There's a lot of bold horses gettin' stuck at the gate
A lot of mean boys got some time to kill
There's a lot of good women gettin' stuck with the bill

So won't you let this foolish feeling make you stay
There comes a time when all your leavin' doesn't pay
This boy is where your heart should be
Cause you might find it cheap
But you're never gonna find it for free, yeah

There's a long legged lady livin' up on the hill
Got eyes like a cheetah, like a two dollar bill
I take her on down, take her out for a whirl
Then I let her fly free cause I know that she will

So won't you let this foolish feeling make you stay
There comes a time when all your leavin' doesn't pay
This boy is where your heart should be
Cause you might find it cheap
But you're never gonna find it for free
Oh, you might find it cheap
But you're never gonna find it for free, yeah

You can play it your way but you're gonna have some
hell to pay
Cause when the dogs come barking at your back you
better watch what you say
Cause the day without the night is like a child without
no fight
And all the blinding shining lights won't help you see
That you might find it cheap
But you're never gonna find it for free

There's a lot of cheap talk about the road I take
There's a lot of bold horses gettin' stuck at the gate
I'd give you my heart but I know it's too late
And I ain't got the time to sit around here and wait

For you to let this foolish feeling make you stay
There comes a time when all your leavin' doesn't pay
This boy is where your heart should be

Cause you might find it cheap
But you're never gonna find it for free yeah
Well, you might find it cheap
But you're never gonna find it for free, yeah
Well, you might find it cheap
But you're never gonna find it for free, yeah
