If you want something new maybe I got what you need  
And if you just want to groove you can come get next to  
me  
Well baby I'm tried and true what you get is what you  
see  
We can do what you want to do cause I got no place to  
be

I said it's alright Yeah  
We got all night Woah  
I said it's alright Woah  
We got all night Woah

I see you from across the room hot enough you could  
stop the beat  
And people comin up to you but no one you care to  
meet  
Something about the way you move is turning up the  
heat  
Anything that you want to do, anywhere that you want  
to be

Saying it's alrighty Yeah

We got all night Woah  
I said it's alright  
Cause we got all night Woah

Girl you're so fine, make my temperature rise  
And maybe for a minute we can indiscrimately dip out  
of sight  
Ah, baby, you're so right, ah, baby  
I can't get you out of that place in my mind  
That makes a man crazy enough to do it all night  
(baby)  
You're so fine

I said it's alright Yeah  
We got all night Woah  
I said it's alright Woah  
We got all night Woah

All night Yeah  
We got all night Woah  
I said ti's alright Yeah  
Cause we got all night Woah
