When I woke up with the sunlight
And dreams echoing through my head
And I heard you breathing softly
I remember the things you said

There is no time, there is no place
That you would rather be
Than the good times, all the hard times
As long as you're here with me

'Cause I'm the man who holds my ground
I'm the man who sticks around
I'm the man to hold you tight
'Cause I'm a man enough with you, with you

When I lay down and the moon is bright
At the end of a working day
I got a feeling I've been leavin'
And I won't let it slip away

'Cause there is no time, there is no place
That you would rather be
In the cruel world on a cold night
As long as you're here with me, yeah

I'm the man who holds my ground
I'm the man who sticks around
I'm the man to hold you tight
'Cause I'm a man enough

And I'm the man to make it right
I'm the man you kiss goodnight
I'm the man who won't let you down
'Cause I'm a man enough

'Cause it can't get much better
And all we have is time
As long as we're together
I know it's gonna be alright

'Cause I'm the man who holds my ground
I'm the man who sticks around

I'm the man to hold you tight
'Cause I'm a man enough

And I'm the man to make it right
I'm the man you kiss goodnight
I'm the man who won't let you down
'Cause I'm a man enough with you, with you, with you

In love with you
