what do you say
when you can't even look the one you love in the face
all you can think about is
what price are you're gonna pay
everything i worked so hard for
i blew it away
just for a moment

so how do i explain the tears you cry
trading in your love for just one night
sorry baby i apologize
hoping that's enough to get me by
you ain't never know me to be like this
i was so weak could not resist
that it never happened would be my wish
i can't believe what i did

why did i let go
knowing you'd never do me the same
i should of just came home
but i didn't know how to leave
i left you alone
i did not mean to play with your heart
girl.. should of never let go (never let go)

i dealt with the pain
of the mess i made
and watching you walk away
like it's crazy here without you
but you're not to blame, no
after finding you maybe i thought i could change
it lasted a moment
now i can't even stop the tears i cry
don't want to deal with this another night
what i did before i don't know why
when you're the one i needed in my life
you ain't never know me to be like this
i was so weak could not resist
i don't think i'm gonna get over this, no
i can't believe what i did

why did i let go
knowing you'd never do me the same
i should of just came home
but i didn't know how to leave
i left you alone
i did not mean to play with your heart
girl.. should of never let go (never let go)

please i have control
cos i.. baby i can't let go
i'm a better man then i showed ya
just don't wanna believe that it's over
cos every night and every day
i'm hoping that you're ok
ohhh
you know it's hard to let go

why did i let go
knowing you'd never do me the same
i should of just came home (should of came home)
but i didn't know how to leave (i didn't know how to
leave)
i left you alone
i did not mean to play with your heart
girl.. should of never let go (never let go)

why did i let go (why did i let go)
knowing you'd never do me the same
i should of just came home (i should of came home)
but i didn't know how to leave (i didn't know how to
leave)
i left you alone
i did not mean to play with your heart
girl.. should of never let go (never let go)
should of never let go
should of never let go
