### V.1

My life is speeding fast in turbo drive, sign says drive  
slow at only 35  
License plate spells drive slow, at only 35  
Engine lights flash on when things turn sour  
Looking for any reason to gain more power  
But without money how the hell to reach higher  
I'm turning the corner and switching my lanes  
Window down just to clear my brain  
Friends don't wanna call, the train stops here  
Outta the drivers seat, I'm headed for the rear

### Pre-chorus

You ever had someone where it seems like they hatin  
on you  
Everytime you come around they mean mug you  
You look em in the eye  
Now they wanna lie, and then they wanna spy  
On everything you do  
Watch what you say or do  
Keep your eyes open dude, you never know who got  
their eyes on you  
And zoning you, and out to smoke you and buggin you  
It ain't cool, the game changed they playin with new  
rules

### CHORUS

Thirty five on the freeway  
On the run, On the run (REPEAT)

Now I ain't got no diamond rings  
And all those things, Never grew up with caviar  
Just rice and beans  
At heart I'm just regular, Heartbeat's irregular  
Remain the same but ain't a damn thing changed

### V.2

I never ig my friends, taking my time forgettin them

Going 35 and frettin tem  
Open my heart, but they don't let me in  
Been having a change of my heart, it's evident

They depart me and left so suddenly  
That traffic laden highway turned out to be a just a one  
way street  
But In reality this ain't no beef  
I'm blowin off steam so let me speak

Pre-Chorus

CHORUS

V. 3

I gotta speak my mind about a couple of topics  
Nod ur head to the rhythm so I know that you got it  
Flip your lies all around, until you know what's true  
And if your feelings get hurt, you know I'm talkin to you

U ain't about your business big boy, U ain't out hear  
makin no noise  
U ain't out here making no contacts; u is not legit with  
no contracts  
Contractually, Matter of factually, I won't oblige  
proactively starting beef  
But you know who you are, u WIMP: u sub par  
No PIMP: with no scars, No DRIVER: with no car  
No MOVIE: with no stars, No PASSION to get far  
So back up chump, I'll get back with you tomorrow

CHORUS

Outro (IN SPANISH)

Yo tengo mi dinero en mi mente,  
Pero el dinero no es mio  
Saque la ferria de la guantera  
Estoy en mi propio tiempo esta vaz (Repeat)
