V.1

Your love, it damages me deep
I can hardly even sleep
I can't walk, I can't talk, I can't eat, I can't
breathe, I can barely see, so why
Did you do what you did, when you did what you did,
and you did it all to me
When I look in your eyes, I can see through the lies, You
know I despise
When you tell me that you love me
Please

Chorus

Stop
Your love is killing me
Given time, I think I'd willingly
Let you go, all on my own
But I'm weak, you've got to be the one to move on

V.2

First
You said I was your only love
That I'm making it more that it was

But it hurts, yes it does, and it was, what is was, and
you did it because of what
Did I not give enough, did we have it that rough, I
don't think so not at all
When I look at you, my heart wants to cry, my soul
wants to die
When you tell me that you love me
Please

Chorus

Bridge

Stop
Love shouldn't hurt like this
Look
At what your love has done
Listen
To the words I'm saying

I can't go through this
There can't be delaying

Chorus

Move on, move on, and on and on
Move on and on and on
