What you doing here my love?
I didn't recognize your face
It's had to be a thousand days
Since you've gone away

But I'm seeing clear, my love
I've been lying here for days
Waiting so long to be born again
Such a cold embrace

I tried so hard, my love
To not get sick of smiles
It's had to be a couple years
And I'm choking all the while

These splintered shards, my love
They cut me back sometimes
Not much unlike yourself
I've heard a lie a million times

Is there any comfort this I'm asking
Would you just put me away?

I'm dying, while trying
To hide from all the pain
Forgotten, left for dead
I'm just wretched anyway

Sing sweet tonight, my love
Keep ghosts of home at bay
Until you find yourself you're helpless
And you're wide awake

You've lost the sight, my love
Of time slowly ticking away
The years gone by are so unkind
You've got reason to be afraid

Is there any comfort this I'm asking
Would you just put me away?

I'm dying, while trying
To hide from all the pain
Forgotten, left for dead
I'm just wretched anyway

I'm dying, you're smiling
To hide from all the pain
Forgotten, left for dead
I'm just wretched anyway
I'm just wretched anyway
Yeah, yeah
