If you're unhappy most of the time  
And you're indoors when  
The sun begins to shine

You're bogged down with responsibility  
When the good sun shines  
You can come out with me

And I will bring you flowers in the spring  
(Elmo, where you going, wait for me)  
And I will sing you songs we can sing  
If you like me, wouldn't it be nice  
When the good shines  
It will melt all the ice

And we can share our secrets  
No one else will ever know them  
When the good sun shines  
We'll make the flowers grow

And I will paint you pictures  
If you promise not to show them  
When the good sun shines  
We'll never have to go

Now I don't want to leave you alone  
(Elmo, want a cookie, where we going)  
But when the sun goes down  
We'll have to go home

But if you feel that  
You want to be my friend  
When the good sun shines  
We'll come out again

Hey, Elmo, come here quick (what)  
I think I found some gold  
(Uh, it's only rock) oh

And we can share our secrets  
No one else will ever know them  
When the good sun shines

We'll make the flowers grow

And I will paint you pictures  
If you promise not to show them  
When the good sun shines  
We'll never have to go

Now I don't want to leave you alone  
(Elmo, it's getting late)  
(My mother will kill me, I gotta go)  
But when the sun goes down  
We'll have to go home

But if you feel that  
You want to be my friend  
When the good sun shines  
We can come out again

(I'll see you tomorrow, Elmo)  
(Okay, Almo, see ya)
