Sudden vibes awaken deep inside  
Words and sounds that echo in the night  
It's like an animal,  
It's aboriginal  
So unemotional  
It's takin over all your senses  
Don't be afraid you must obey  
The tug of the call of the wild  
Deep down you know how to enjoy  
Feeling the call of the wild  
Open the door of the cage  
That's been holding you prisoner  
And living a lie  
And silence follows your cry  
Pungent is the danger in the air  
Vibrant notions reach from everywhere  
It seems so natural  
So very physical  
A little virginal  
At last you're tearing down all fences  
Don't be afraid you must obey  
The tug of the call of the wild  
Deep down you know how to enjoy  
Feeling the call of the wild  
Don't hesitate no chance to escape  
Follow the call of the wild  
It's something that you can't deny  
It's ruling all of your senses  
Deep down you know how to enjoy  
Feeling the call of the wild  
Not that you're sharing  
The cradle of wisdom  
And daring to reach for the skies  
A silence follows your cry  
It's like an animal,  
It's aboriginal  
So unemotional  
It's takin over all your senses  
Don't be afraid you must obey  
The tug of the call of the wild  
Deep down you know how to enjoy

Feeling the call of the wild  
Don't hesitate no chance to escape  
Follow the call of the wild  
Deep down you know how to enjoy  
Feeling the call of the wild  
It's something that you can't deny  
It's ruling all of your senses
