I need you baby,  
both night and day  
When I sent for you baby,  
you turn, and go the other way  
Yes I need you, yes I need you,  
both night and day

You cheated on me baby,  
all through the day  
When I sent for you baby,  
you turn, you turn and go the other way  
Yes I need you, yes I need you,  
both night and day

Yeah

I sent you money baby,  
to come on home to me  
You tell me that,  
things ain't what they used to be  
I need you baby, I love you darlin',  
come on home to me
