Give me one more drink darling,
to cool my parching throat
Yes, give me one more drink darling,
to cool my parching throat
I'm in love with you baby,
and know I don't mean no wrong

My roads getting dark and dreary,
got to travel on down that way
Yes, my road is dark and dreadly,
but I got to travel on down that way

I'm in love with a woman,
she treats me awful bad
Yes, I'm in love with a woman,
and she treats me awful bad
I spent a lot of money,
now she don't pay me no mind
