Well I came home one mornin', found my baby gone
Well you know I always lived all alone
Oh, I love her,
Yes, I love her
Sho nuf I do

First time I saw her, on a Friday night
I told her baby, I told everything was alright
Oh, I love her,
Yes, I love her
Sho nuf I do

I saw her one mornin', she was goin' round the street
She was shakin' hands with every man she meet
Oh, I love her,
Yes, I love her
Sho nuf I do

I raise my hands once again
Baby if you please, baby please understand
Oh, I love her,
Yes, I love her
Sho nuf I do
