My baby stay out all night long,

keeps me worried all the time

My baby stay out all night long,

keeps me worried all the time

I know she's done me wrong,

She nearly drove me out of my mind

She leave early in the mornin',

wouldn't come home till broad daylight

She leave early in the mornin',

wouldn't come home till broad daylight

But my baby don't do that no more,

yes, she decided to do me right

Early Tuesday mornin',

she's got wrong doin' on her mind

Early Tuesday mornin',

she's got wrong doin' on her mind

She said, "Daddy, daddy, daddy",

and almost drove me out of my mind
